

COURSE EXEMPTIONS POLICY

1. A student may request to be exempted from completing a required course in their degree plan.
2. Exemptions are normally applied when a student has completed an equivalent of a course that is more advanced (and can reasonably be judged to subsume the content) of the course for which the exemption is being requested.
3. The case for exemption must be made on the approved form, available on the Portal, and from Registry Services and the School Offices.
4. Requests for exemptions are evaluated and authorised by:
 - a. the Dean, Associate Dean or Head of Department in the School responsible for the major in which the student is registered
 - b. the Dean or Associate Dean of the School of Liberal Arts, regardless of the student's major for exemptions in the Liberal Arts Core.
5. Copies of the email authorising the exemption must be sent to the student, the academic adviser and Registry Services at the point at which the exemption is approved.
6. Exemptions are applied to students' Academic Plans by Registry Services on receipt of a completed Exemption form from the relevant School.
7. Any exemption authorised does not exempt the student from completing the required number of credits at each FHEQ level or the overall number of credits required for the degree.
8. Students with exemptions may be required to complete additional elective credits at a specified level in order to complete degree credit requirements.
