

RESUBMISSION POLICY: POSTGRADUATE

RESUBMISSION OF COURSEWORK

1. Within the Postgraduate programmes, a B- (2.7) grade is regarded as a “redeemable fail”. Postgraduate students receiving this grade for a component of a course may re-submit the work to a time-frame agreed with the course instructor.
2. Postgraduate students receiving a B- (2.7) as an overall grade for a course may re-submit the failed element(s) of the course to a time-frame agreed with the Programme Director.
3. Postgraduate students who intend to re-submit must advise the Programme Director of their intention to re-submit and obtain a revised submission date within five (5) working days of receiving the grade.
4. Grades for re-submitted postgraduate coursework will be capped at B.
5. If a student re-submits coursework components and their overall grade for a taught course is still B-, they are able to compensate for this if they have another taught course grade at B+ or above.

RESUBMISSION OF FAILED THESIS/DISSERTATION OR PROFESSIONAL RESEARCH PROJECT

6. The grade of B- (2.7) on the thesis/dissertation or professional research project for postgraduate programmes are treated as a “redeemable fail”. Students are permitted one (1) further opportunity to re-work the material based on written feedback and re-submit the thesis/dissertation or professional research project within three months of the original submission.
7. Postgraduate students must advise the Associate Dean or designee (e.g. Programme Director) of their intention to re-submit within five (5) working days of receiving the grade.
8. Grades for re-submitted postgraduate thesis/dissertation or professional research project will be capped at B.
9. Postgraduate students resubmitting their thesis/dissertation or professional research project will not normally be expected to be in attendance at the University during the resubmission period.
10. Postgraduate students will be offered one, face-to-face or Skype meeting with the academic supervisor to discuss the feedback and what they need to do to achieve a passing grade. Students must take up this meeting opportunity within one month. It is then expected that the student works independently before re-submission.
11. Postgraduate students can only expect to receive the supervision session in May and June if the approved extension period to resubmit their thesis/dissertation or professional research project falls during the Summer semester.

12. If the postgraduate student's appointed academic supervisor is unable to provide supervision due to unforeseen circumstances, the relevant Head of Department may appoint a replacement supervisor to assist the student.
13. An administrative charge of £150 must be paid to the Finance Office on receipt of approval to re-submit the thesis/dissertation or professional research project.
